To Whom It May Concern:

In 2014, bHg L.E.D. Lamps provided the LED lamps for the replacement of the conventional lighting in our 16 restaurants, bar, warehouse, and a commercial kitchen at our Midway Airport HQ in Chicago. This project required over 3,300 LED lamps saving approximately 250,000 kwh in electricity usage annually! Not only was this a significant reduction of our carbon footprint, it also provided savings over \$25,000 annually in electricity costs (based on \$0.10/kwh).

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read "S. J. Miller".

Stephen J. Miller
Vice President and Chief Operating Officer
